WCPB AREAS OF INTEREST AND PROPOSAL FOCUS

The focus of WCPB’s research program includes projects that increase the profitability of Wisconsin corn production and increase market opportunities of corn production. Projects should focus on:

- Supporting research that looks at corn production systems that are sustainable, protective of the environment and economically feasible with regard to water management and quality, nutrient utilization, pest management and conservation of resources.
- Supporting non-proprietary, common good research to optimize economic returns for corn production.
- Funding innovative research to find new uses for corn and corn products.
- Enhancing partnerships with researchers and developers of corn-based products, co-products and production research.
- Supporting demonstration and educational projects for the betterment of corn producers.
WHO IS ELIGIBLE TO SUBMIT RFP
Principal Investigators: Researchers, scientists, professors, ARS scientists or others.

Co-PI’s and Collaborators: Researchers with appropriate expertise to help with the priority areas identified. Involvement of collaborators from other agencies and/or universities that enhance the competitiveness of a proposal is encouraged.

PROPOSAL GUIDELINES
The proposal should include the following information, in the order listed below, utilizing no more than six pages, including the cover page and budget form, (excluding support letters and references cited), using 12-point font. Proposals of more than six pages may not be considered.

Please label all pages of proposals and reports submitted to the WCPB with your name, project title, date and page number in the footer of the document.

- **Cover Page** (attached) – The included form should be completed and saved as the front page of your proposal.
- **Abstract** - Less than 300 words.
- **Problem Statement** - What is the problem and opportunity and why is it important to the future of Wisconsin’s corn farmers? How does it relate to the WCPB goals and mission? How does this fill gaps in current research?
- **Objectives and Hypothesis**
- **Methods and Procedures** - How will the hypotheses be tested?
- **Impact on the Wisconsin Corn Industry** – How does this enhance the value of the Wisconsin corn industry? What does this mean to Wisconsin’s farmers and how will it affect them economically and/or environmentally? How does this impact the WCPB’s goals and mission?
- Where applicable to your project, please comment on the following issues:
  - List any collaborators and their roles and responsibilities.
  - Novelty of the invention – what due diligence has been done to ascertain this?
  - Whether any background Intellectual Property may be necessary to perform the proposed research. Will there be freedom to operate around current IP?
  - Do you expect new Intellectual Property to be developed?
  - Previous or pending funding from other sources.
  - Potential to expand markets.
  - A listing of pertinent publications and/or references should be included if appropriate, does not count in page limit.
  - Will this project support a graduate student’s project?
  - Matching funds are not required by WCPB, but identify other sources of funding both sources and amounts of non- WCPB funds. State whether funds are secured or pending.
- **Timeline** – List milestones of the project. Indicate approximate time for interim report. Especially important if your project does not fit within the calendar of the granting period.
- **Budget** (see attached form)
- **Budget Narrative** – Describe how budget request relates to methods and goals of completing the project. List each pertinent team member, their contribution to the project, and their qualifications to achieve their role. Provide rational for budgeted line items. If research is currently being funded by other sources, or is being sought by other sources, these sources must be disclosed. Please note: The WCPB does not pay overhead.
- **Letter of support** – optional, two letters maximum. Not included in page limitation.
PROPOSAL SUBMISSION
All proposals are due by 5 p.m. on Friday, January 10, 2020. Please submit a Word or PDF document via email to nicole@wicorn.org. You will receive an email notification that your proposal was received.

If you do not receive confirmation within 24 hours, it is your responsibility to follow-up by calling Nicole Wagner at 262-372-3289

PROPOSAL SELECTION AND REPORTING PROCESS
Friday, January 10, 2020
    Proposals are due by 5 p.m. CST.

Wednesday, January 22, 2020
    Committee Review, questions sent to researchers for any clarification.

Wednesday, February 5, 2020
    Research proposals will be reviewed by WCPB Board members.

Friday, February 14, 2020
    Decisions on grant awards will be released to the project team leader.

Tuesday, December 1, 2020
    Written progress report due to WCGA.

December 2020 Board Meeting (TBD)
    Presentation to WCPB Board, upon request.
EVALUATION CRITERIA
The following criteria will be used to judge the merit of the proposals.

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Maximum points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Relationship to WCPB/WCGA mission and priorities</td>
<td>20</td>
</tr>
<tr>
<td>Scientific soundness, novelty &amp; appropriateness of methodology</td>
<td>20</td>
</tr>
<tr>
<td>Potential impact on the Wisconsin corn industry</td>
<td>20</td>
</tr>
<tr>
<td>Mechanism to deliver information to Wisconsin corn farmers and users</td>
<td>20</td>

CONDITIONS OF FUNDING ACCEPTANCE
The Wisconsin Corn Promotion Board will fund all approved projects in the following manner:

- 25% of the total annual funding will be provided upon notification of project approval and signed Memorandum of Understanding and Intellectual Property Agreement (if applicable to project).
- 50% of the total annual funding will be released upon submission and acceptance of an interim report to the Board approximately six months into the project or at the halfway point of the research.
- The final 25% of the allocated annual funds will be released after a final budget breakdown is submitted, a satisfactory final written report is submitted including graphs or pictures, a project synopsis and a presentation is made to the Board, date to be determined.
- An annual written report is due to the Board of Directors each year. An oral presentation may be requested by the Board. A comprehensive final report will be due in December during the final year of research. A non-proprietary report/synopsis will be placed on the Wisconsin corn growers website and will be used to communicate with Wisconsin corn farmers and the general public.
- Failure to submit timely and quality progress reports or insufficient progress will result in premature termination of project, cessation of funding, and a request for return of unspent funds.
- WCPB expects team leaders and/or their representative to reasonably participate in WCPB public events and media programs that highlight research activities when requested. Failure to participate may result in the premature termination of the project.
- Two-year or longer projects are funded one year at a time and are subject to annual evaluations. Funding for additional years is not guaranteed but please include your intentions when appropriate for your project.

If you have any questions, please contact Nicole Wagner, nicole@wicorn.org or (262) 372-3289.
